

WHAT: March On NRA Wisconsin is a sibling march to the National March On NRA taking place in Fairfax, VA at the NRA headquarters.

WHEN: August 4th at 3:00 PM

WHERE: Madison, WI -- Gather at Library Mall and from there march down State Street towards the Capitol and finish off our protest at the Capitol with guest speakers & more.

WHO: This event is open to anyone who's interested. Speakers have yet to be finalized, but expect to hear from student organizers/activists, WI politicians, teachers, and involved community members passionate about gun violence.

WHY: We're protesting because according to NRA donations given to our US Senator Ron Johnson, lives in Wisconsin are worth \$1.30. The fact that a national organization has more influence over our elected US Senator than actual Wisconsin residents is dystopian. In the eyes of Democracy, all voices should be seen as equal **regardless of their wealth**. Wealth shouldn't dictate which laws are enforced by *our* government.
