WISCONSIN STUDENTS TO HOST A MARCH ON THE NRA PROTEST IN MADISON

Wisconsin activists from across the state will gather on August 4th to stand against the NRA

MADISON, WISCONSIN, JULY 17th — On August 4th, Wisconsin high school students will put on a sibling protest to the National March On NRA in Fairfax, VA. Attendees will gather at the Library Mall and start the march down State Street at 3:00 PM, promptly. MarchOnNRA is partnered with the national March For Our Lives and Road To Change organizations.

The march will continue down State Street until protesters reach the East side of the Capitol. The protest will continue on the steps of the East side of the Capitol where speeches will be given by student activists, Wisconsin politicians, teachers, and featured student speakers from Marjory Stoneman Douglas High School who were impacted by the February 14th shooting.

According to the NRA donations given to Senator Ron Johnson, student lives in Wisconsin are worth \$1.30—this is the motivation for the MarchOnNRA protest. The fact that a national lobbying organization has more influence over elected politicians than actual Wisconsin residents is dystopian. In the eyes of Democracy, all voices should be seen as equal **regardless of their wealth**. Wealth shouldn't dictate which laws are enforced by the US Government.

On August 4th we march.
